Violeta Vasilevska  
*Fibrators and Hopfian groups*

Risto Atanasov  
*Geometric two-dimensional duality groups*

**What is...?**  
linear algebra of mapping class gps

**What is...?**  
a triangle group

Thomas Mattman  
*The knot group*

**Joint REU Session**  
REU structure

**What is...?**  
a building

**Student research**  
Successful GGT projects

**Joint REU Session**  
REU funding

**What are...?**  
 $L^2$  methods

**Joint REU Session**  
Proposals and logistics

**What are...?**  
automaticity and filling functions

**Student research**  
Workshopping problem list

**What are...?**  
boundaries at infinity

**Student research**  
Workshopping problem list

**Student research**  
Workshopping problem list
